A Pleased Customer is the Best Advertiser

Is the reason people continue to buy old reliable Singer Sewing Machines that have stood the test for 3 of a century. It now has all the latest improvements and attachments, runs light, steel frame, case hardened bearing—lasts a life time. In fact the best made. Easy terms, small monthly payments or a good discount for cash. That's the reason dealers who deal in cheap, short life machines buy a Singer for their own families and deals out the cheap profit bearing machines and says: "just as good." No dissatisfaction with those who have purchased a Singer. J. M. Judd
